FUND FACTS

Fidelity Income Portfolio

Series A

■ HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

RISK RATING

Fidelity has rated the volatility of this Fund as **low to medium**.

This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the 'What are the risks of investing in the fund?' section of the Fund's simplified prospectus.

NO GUARANTEES

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

■ HOW HAS THE FUND PERFORMED?

This section tells you how Series A units of the Fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

YEAR-BY-YEAR RETURNS

This chart shows how Series A units of the Fund performed in each of the past 10 years. The Fund dropped in value in 2 of the 10 years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

BEST AND WORST 3-MONTH RETURNS

This table shows the best and worst returns for Series A units of the Fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	RETURN	3 MONTHS ENDING	IF YOU INVESTED \$1,000 AT THE BEGINNING OF THE PERIOD
Best return	8.5%	June 30, 2020	Your investment would rise to \$1,085
Worst return	-7.8%	June 30, 2022	Your investment would drop to \$922

AVERAGE RETURN

A person who invested \$1,000 in Series A units of the Fund 10 years ago now has \$1,420. This works out to an annual compound return of 3.6%.

■ WHO IS THIS FUND FOR?

Investors who:

- plan to hold their investment for the medium-term
- want to gain exposure to both Canadian and foreign equity and fixed income securities
- want the convenience of a diversified portfolio in a single fund
- want the potential for both income and capital gains

The Fund is not an appropriate investment if you have a short-term investment horizon.

■ A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan (RRSP) or a Tax-Free Savings Account (TFSA).

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

■ HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the Fund. The fees and expenses - including any commissions - can vary among the series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1 SALES CHARGES

You have to choose a sales charge option when you buy Series A units of the Fund. Ask about the pros and cons of each option.

SALES CHARGE OPTION	WHAT YOU PAY IF YOU SELL YOUR UNITS		HOW IT WORKS	
	AS A PERCENT (%)	IN DOLLARS		
Deferred Sales Charge	within one year of buying	6.0%	\$0 to \$60 on every \$1,000 you buy	<ul style="list-style-type: none"> There is only a charge if you sell within six years of the date you purchased. When you buy units Fidelity pays your representative's firm a 4.9% commission. After year seven, your units are automatically switched to initial sales charge units and you will pay a lower management fee (and your representative's firm may receive a higher commission). You may redeem up to 10% of your units each year without being charged.
	within two years of buying	5.5%		
	within three years of buying	5.0%		
	within four years of buying	4.5%		
	within five years of buying	3.0%		
	within six years of buying	1.5%		
after six years	zero			
Low Load Sales Charge	within one year of buying	2.0%	\$0 to \$20 on every \$1,000 you buy	<ul style="list-style-type: none"> There is only a charge if you sell within two years of the date you purchased. When you buy units Fidelity pays your representative's firm a 1.0% commission. After year three, your units are automatically switched to initial sales charge units and you will pay a lower management fee (and your representative's firm may receive a higher commission). The 10% free redemption amount does not apply.
	within two years of buying	2.0%		
	after two years	zero		
Low Load 2 Sales Charge	within one year of buying	3.0%	\$0 to \$30 on every \$1,000 you buy	<ul style="list-style-type: none"> There is only a charge if you sell within three years of the date you purchased. When you buy units Fidelity pays your representative's firm a 2.5% commission. After year four, your units are automatically switched to initial sales charge units and you will pay a lower management fee (and your representative's firm may receive a higher commission). The 10% free redemption amount does not apply.
	within two years of buying	2.5%		
	within three years of buying	2.0%		
	after three years	zero		

For all the sales charge options

- There is no charge when you buy units of the Fund.
- The charge is a set rate paid to Fidelity and is deducted from the amount you sell.
- The schedule is based on the original cost of your units.
- Fidelity does not charge you to switch to other Fidelity Funds of the same series.

2 FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the return you get on your investment.

As of June 30, 2023, the Fund's expenses were 2.40% of its value. This equals \$24.00 for every \$1,000 invested.

	ANNUAL RATE (AS A % OF THE FUND'S VALUE)
Management expense ratio (MER)	2.37%
This is the total of the Fund's management fee (including the trailing commission), fixed administration fee, and certain operating expenses (fund costs). Fidelity waived some of the Fund's expenses. If it had not done so, the MER would have been higher.	
Trading expense ratio (TER)	0.03%
These are the Fund's trading costs.	
FUND EXPENSES	2.40%

Upon the automatic switch of your series A units into series B units, you (a) will have a lower management fee of 1.70%; and (b) may qualify for lower combined management and administration fees paid as fee distributions as part of the Fidelity Preferred Program (the "Program"). For more details about the Program, see "Purchases, Switches and Redemptions" and "Fees and Expenses" in the Fund's simplified prospectus, and speak to your representative.

■ HOW MUCH DOES IT COST? (CONTINUED)

More about the trailing commission

The trailing commission is an ongoing commission. Fidelity pays a trailing commission to all dealers, including discount brokers, for as long as you own the Fund. This is for services and advice that your representative and their firm provide to you. When these commissions are paid to discount brokers, they are for services and any tools or other assistance that your discount broker may offer.

The trailing commission is paid from the Fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

Upon the automatic switch of your series A units into series B units, your representative may receive a trailing commission of up to 1.00% of the value of your investment each year.

SALES CHARGE OPTION	TRAILING COMMISSION	
	AS A PERCENT (%)	IN DOLLARS
Deferred Sales Charge	Up to 0.500% of the value of your investment each year	\$0 to \$5.00 each year for every \$1,000 invested
Low Load Sales Charge	Up to 1.000% of the value of your investment each year	\$0 to \$10.00 each year for every \$1,000 invested
Low Load 2 Sales Charge	Up to 0.500% of the value of your investment each year	\$0 to \$5.00 each year for every \$1,000 invested

3 OTHER FEES

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

FEE	WHAT YOU PAY
Short-term trading fee	If you sell/switch units within 30 days of the most recent purchase/switch into the Fund, you may be charged 1% of the value of those units or have your account restricted/closed. This fee goes to the Fund.
Switch fee	Your representative's firm may charge you up to 2% of the value of units you switch to another series of the Fund or another Fidelity Fund. However, you will not pay a switch fee on Fidelity initiated automatic switches.
Fee for sizable redemptions	If you have been notified that you own a sizable percentage of a Fund, you will be subject to a 1% penalty of the value of the units that you sell/switch if you sell/switch your units of the Fund within 30 days of your most recent purchase/switch into the Fund. You may be subject to a 1% penalty of the value of the units if you fail to provide the required notice to Fidelity prior to completing a sizable redemption. This fee goes to the Fund.

■ WHAT IF I CHANGE MY MIND?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
