

Fidelity Investments Canada celebrates 37 FundGrade A+® Awards, its highest count on record

Funds recognized for delivering strong risk-adjusted returns relative to peers in 2025

TORONTO, February 6, 2026 – Fidelity Investments Canada ULC (“Fidelity”) is proud to announce that 37 Fidelity funds received 2025 Fundata FundGrade A+® Awards. This represents Fidelity’s most wins in an individual year since the awards were established in 2012.

The awards recognize Canadian investment funds for delivering strong risk-adjusted returns relative to peers and achieving consistently high FundGrade scores throughout the year.

With 18 Fidelity ETFs and ETF funds recognized, this is the highest award total for Fidelity ETFs and ETF funds since the awards’ inception. This is a testament to Fidelity’s strong and diverse ETF lineup, which has now accumulated \$28.1 billion in assets (as at February 3, 2026). The suite includes [Fidelity All-in-One ETFs and ETF funds](#), which won eight FundGrade A+® awards this year and continue to grow in popularity among investors and advisors.

“Fidelity is incredibly proud to receive these awards from Fundata. Our awards cover a wide range of funds, vehicles, and asset classes, clearly demonstrating the choice and value Fidelity brings to the Canadian marketplace,” said Kelly Creelman, Senior Vice President, Products and Marketing, Fidelity. “I’d like to congratulate the portfolio managers, research teams, and many other teams across the firm who have helped to deliver these achievements, and thank Canadians for continuing to put their trust in us to help them reach their financial goals.”

FundGrade A+® is used with permission from Fundata Canada Inc., all rights reserved. The annual FundGrade A+® Awards are presented by Fundata Canada Inc. to recognize the “best of the best” among Canadian investment funds. The FundGrade A+® calculation is supplemental to the monthly FundGrade

ratings and is calculated at the end of each calendar year. The FundGrade rating system evaluates funds based on their risk-adjusted performance, measured by Sharpe Ratio, Sortino Ratio, and Information Ratio. The score for each ratio is calculated individually, covering all time periods from 2 to 10 years. The scores are then weighted equally in calculating a monthly FundGrade. The top 10% of funds earn an A Grade; the next 20% of funds earn a B Grade; the next 40% of funds earn a C Grade; the next 20% of funds receive a D Grade; and the lowest 10% of funds receive an E Grade. To be eligible, a fund must have received a FundGrade rating every month in the previous year. The FundGrade A+® uses a GPA-style calculation, where each monthly FundGrade from “A” to “E” receives a score from 4 to 0, respectively. A fund’s average score for the year determines its GPA. Any fund with a GPA of 3.5 or greater is awarded a FundGrade A+® Award. For more information, see www.FundGradeAwards.com. Although Fundata makes every effort to ensure the accuracy and reliability of the data contained herein, the accuracy is not guaranteed by Fundata.

The Fund-Grade A+® rating identifies funds that have consistently demonstrated the best risk-adjusted returns throughout an entire calendar year.
